Framework for Measuring Sustainable Development
Countries in socio-economic transition

VDM Verlag Nov 2009, 2009. Taschenbuch. Book Condition: Neu. 220x150x25 mm. Neuware - The study developed a methodological framework evaluating progress towards achieving sustainable development in countries in transition, and tested the framework on Estonian data. A ten-step toolkit methodology was applied to develop the SD evaluation framework. The core principles of sustainable development - the intergenerational equity principle, the intragenerational equity principle and the carrying capacity principle formed a solid basis for setting operational development constraints. SD indicators can...
