His mission Travel to 1975, make contact with his own grandfather and retrieve an obscure IBM computer to help in the reconstruction of American infrastructure after a nuclear war with Russia in 2015. John Titors postings generated intense interest and hot debate at the time. Even now in 2010, people still find Titors writings incredibly compelling today. John carried a warning from the future about the coming Second American Civil War he survived in his own time and will be unavoidable in our own.
